Why Southern Folger?

- Detention Custom Fabrication since 1897
- Specialized services for custom applications
- Architects, engineers and owners come to us for value engineered options
- Programmers and applications developers work with hardware and software to integrate various systems into a single platform
- We manufacture, assemble and test all engineered systems to minimize installation time
- Factory trained specialists perform and supervise all on-site installations
- 24 / 7 / 365 service available after installation

8000 SERIES CONTROL SYSTEMS
